I had my 3800HGV-B since 2009 and never had a problem with the unit. I don't stream videos etc. so maybe that makes a difference. They just kept raising rates. From \$30 in 02/2012 to \$42 in 01/15. I was told I owned it when I bought it, but they demanded I return it or they'll charge my credit card \$150, after I switched to Comcast.
