400A Autopilot Manua? - Skymaster Forum

My experience has been (and I think that if you do a Search you will find that others agree) that the 400A is a fine autopilot. It is, however, subject to aging, in the sense that with time (35 years for a 1973 model) the electronic components drift/atrophy and service is required. The most common fault is leaking capacitors, which is an easy ...

400A autopilot - Skymaster Forum

Cessna first introduced an optional autopilot in the 1962 172C model, and their choice of manufacturer for factory-installed autopilots and avionics was Cessna's own division known as ARC. Aircraft Radio Corporation (ARC) got its start in 1924 and played a significant role in the development of early avionics.

Everything You NEED TO KNOW about Cessna "Legacy ...

The ARC Navomatic 300A Autopilot . Please note its operation highlighted in "blue" below: The ARC 300A was an option on many single engine Cessna aircraft available near the mid-seventies and stayed on the option list up through the T210L. Cessna 172M, 180j, 182P, TU-206F, these are but a few aircraft that had the 300A on their option list.
