The final pages of Cities of Others suggest directions for such redefinitions and expansions by taking up the study of Yamashita's latest novel — *I Hotel* (2010) — as well as of *The Gangster We Are All Looking For* (2004) by Lê thi diem thúy. Both novels are seen as embedding in the American landscape and cityscape "visions and voices of those who refuse to be [...] made invisible" (298), reinforcing the critic's conviction that both imaginative and critical engagements have to ...

Throughout history, public health concerns have shaped the way urban areas have evolved. In a post-COVID-19 world, cities will not only need to adapt to the effects of a global pandemic but also plan for the next 100 years. Forever in search of more room, cities now face a future where social distancing may become the norm.
