Amartya Sen's Idea of Food Security Amartya Sen, the Nobel Prize winning economist and considered the leading social scientist in the world today, has been advocating for decades that economic growth, rise in GDP and income are only a means not the ends of development. He first clearly laid out these views in his essay: How is India Doing?

Amartya Sen's Idea of Food Security - Ground Report India

Summary of Amartya Sen, "Food, Economics and Entitlements." World Institute for Development Economics Research, United Nations University, February 1986. People establish command over food in two broad ways: Direct ownership of food via production conversion of wages into food The problem of establishing command of food, or the problem of acquiring food in of itself,...

Summary of Food, Economics and Entitlements by Amartya Sen ...

It has almost reached the point where criticizing Amartya Sen, like Mother Theresa, is out of bounds. In this critical assessment of Sen's much lauded book, Denis O'Hearn considers its central thesis and impact on development. The argument . Sen's thesis is simple. Freedom is both the primary end and the principal means of development. Insofar as many of us have been critical of approaches to development that emphasize growth in Gross Domestic Product (GDP), rising personal incomes ...

TOP 25 QUOTES BY AMARTYA SEN (of 152) | A-Z Quotes

Sen points to a number of social and economic factors, such as declining wages, unemployment, rising food prices, and poor food-distribution, which led to starvation. His capabilities approach focuses on positive freedom, a person's actual ability to be or do something, rather than on negative freedom approaches, which are common in economics and simply focuses on non-interference.
