— Brian Cox. Human Universe. 0 likes. Like "Bruno believed that the universe is infinite and filled with an infinite number of habitable worlds. He also believed that although each world exists for a brief moment when compared to the life of the universe, space itself is neither created nor destroyed; the universe is eternal." ...

Human Universe Quotes by Brian Cox - Goodreads
I like this guy Brian Cox. He has a way of adding bags of atmospherics to every statement. However, I must say the thought of the human race being the only intelligence out among the stars is utterly depressing.His analysis and weighing up of both sides of the argument is about as sound and balan...
