In an age where every 60 seconds 140,000 images are uploaded to Facebook, image production and literacy are more important than ever. Learn how to use the photographic tools we already have with us everyday, to create compelling images, stories and videos that will cut through the digital clutter of our daily image feeds.

Photo Magic - Literacy of the limitless

Photography Is Magic Updated on March 17, 2020 by Lauren Lim Whenever we travel we end up spending a lot of time reflecting—on both our own work, and photography in general. On this latest trip I found myself thinking about a shoot we did in 2010, and how one simple word from a boy captured so much about photography that it blew my mind.

Photography Is Magic

Photography Is Magic encompasses the world of fine art photography at its widest measure possible by featuring the work of 85 contemporary artists. It is a tour de force of all visual media that may stray or touch in the most peripheral way upon any photographic means to create an image.

Photography is all about light, and the quality of light can make all the difference between an average photo and a stunning photo. Magic hour — also commonly referred to as "golden hour" — is the time of day when the sun is low and near the horizon, providing a warm glow. It occurs twice a day, in the hours of dusk and dawn.

Photography Is Magic - Aperture Foundation

PHOTOGRAPHY IS MAGIC A photograph itself is a kind of magic. In its simplest form, it captures a moment gone and preserves a place and time unchanged on its two-dimensional plane. The mechanics of that alone are an astounding feat, where the goal is the image produced and the subject is clearly framed and readily recognized.

PHOTOGRAPHY IS MAGIC | THE LAST MAGAZINE

Charlotte Cotton - Photography Is Magic | LensCulture

ICP Curator-in-Residence Charlotte Cotton discusses her new book Photography Is Magic at the Vera List Center for Art and Politics. "By considering contemporary photographic practices through the lens of magic, this conversation has a particular take on the current state of photography's material presence—its status as a cultural material—within art."
