overall. That's a lot, so the ISA is something you should work hard at - it will help your final grade!

GCSE Science: AQA's ISA (Individual Skills Assignments)

As a Computer Science student, one would not immediately think that physics concepts can be applied so readily to computational and technical roles; however, to my pleasant surprise, I found that the types of thinking required to excel in physics mirrored the types of thinking required to excel in Computer Science rather closely, and both seemed predisposed towards logical and analytical reasoning.

5 Waves IGCSE past papers (Drawing Ray Diagram)

Examples of reflection are light waves striking a mirror or echoes in which sound waves are reflected of a solid surface. When waves undergo reflection the angle the incoming waves make with the surface is equal to the angle of the reflected waves. This is the Law of Reflection and can be written as:
