Speculiction...: Review of Rogue Moon by Algis Budrys

Algis Budrys (who died in 2008) is probably best known for his fine 1958 novel *Who?* which like *Rogue Moon* is concerned with the exploration of the dark inner spaces of the human personality. (It also spawned, in Kelly Freas' illustration, above right, one of the most iconic images in SF history.)

Sci Fi Sunday #77 - Rogue Moon by Algis Budrys

A monstrous apparatus has been found on the surface of the moon. It devours and destroys in ways so incomprehensible to humans that a new language must be invented to describe it and a new kind of thinking to understand it....
