This sams teach yourself windows powershell in 24 hours, as one of the most keen sellers here will unquestionably be in the midst of the best options to review.

Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.
